

International Education Show

The 15th International Education Show is one of the leading higher education events in the UAE with the participation of more than 100 local, regional and international educational institutions serving the Higher Education Sector in the Middle East.

Running from 30th January to 1st February 2019, this year's event is happening at the Expo Centre Sharjah. The exhibition aims to raise the awareness of students regarding the selection of disciplines and academic programs commensurate with their skills and requirements of the labor market.

Participating universities communicate through a platform to provide students with the necessary details and the distribution of informative pamphlets and brochures.

Student recruitment professionals from Al Falah University conduct surveys to collect information from prospective students on their desired disciplines to be presented to the Executive Management. The data collected would help AFU prepare for future programs to offer under the three colleges; College of Business Administration, College of Law and College of Mass Communication.
