

Al Falah University Is Looking into Cooperation with The Dubai Autism Center

In the framework of community engagement and the University's keenness on caring for others as the most important voluntary and humanitarian work, the Chancellor of Al Falah University, Dr. Noor Aldeen Atatreh visited the Dubai Autism Center to encourage AFU students in voluntary and humanitarian work.

The delegation included President of the University, Prof. Abdelhafid Belarbi was received by the Director General of the Dubai Autism Center, H.E. Mohamed Al Emadi.

Dr. Atatreh thanked the management of the center for the great efforts exerted in serving the students with the utmost care and encouragement to develop their abilities and skills for their future careers. He also discussed the possibility of assimilating AFU students in voluntary and humanitarian work in the center. The possibility of cooperation between the two parties in providing academics with specializations in dealing with children with autism was also discussed. Towards the end of the meeting the delegation toured laboratories, equipment, halls and facilities within the Dubai Autism Center.
